ZP Marine Service Ltd.*

ZP Marine & Offshore Service

We would like to take this opportunity to introduce our company with office in city of Kostrena Croatia which covers Croatia, Italy, Montenegro, Slovenia as a first neighbors and all other European and Worldwide countries

HISTORY

Graduated Professional Engineer of Inspection and Personnel Management in Maritime Affairs. University of Maritime Inspection and Personnel Management (bacc.ing.admin.nav). The degree indicates that I am a professional and educated and focused on interdisciplinary courses in science and practice of management in maritime business. It ensures that inspection supervision is conducted in an efficient and cost-effective manner and with the aim of maintaining.

Over 15 years of experience in the Marine Offshore - Oil & Gas industry. To capitalize my knowledge, experience, and background I established my own company ZP Marine Service

The main purpose is to carry out various audit, inspection, survey, warranty, consulting, etc. linked with Marine - Oil & Gas - Renewables energy industry. We can form a complete plan according to client's request.

QUALIFICATIONS:

- University of Maritime Inspection and Personnel Management (bacc.ing.admin.nav)
